Athletes who give up on the track must return their numerals in the event secretariat until Sunday of the stage or to the commissioner / supervisor responsible for the place of withdrawal.
- Failure to return the numeral will oblige the athlete to pay R \$ 50.00 in a next step to confirm their registration in the registry and the return will not be accepted because the card and chip will be discarded.
- If the athlete does not return the plate, and does the registration, it will only run if you pay the \$ 50.00 of the numeral. If the athlete does not pay, he can not run and will not have the value of his registration refunded.
- At the Congonhas stage, we suggest that athletes write on the back of the numeral the name and emergency number in case they need to contact during the race.

31. TWIST ON THE TRACK

We will continue to give the public the opportunity to see most of the track within the areas where there are singles tracks, as long as allowed by the environmental agencies. The goal with this is to popularize and value the sport so that the public can see more details of the mountain bike and the difficulties that the athletes have to face.

For athletes, we ask you to ask your team members and friends (who know the sport) to guide people on the track during the competition.

There are track officers to guide and ensure the smooth running of the race but it takes constant vigilance of all guiding people how to behave.

To ensure the safety of people and athletes the rule is basic: do not walk in the lane and when someone is crossing the lane look for it where you have a lane driver to help you.

VERY IMPORTANT: do not touch, run side or assist athlete during competition. If this happens the athlete will be automatically disqualified (see more details in the item Support).

When listening to a whistle be aware that it may indicate that athletes are coming in conditions of race or training and the track has to be free.

In case of some athlete fall or accident do not invade the lane in an attempt to help. You will always have a prosecutor or lifeguard nearby who are qualified and trained people to help you.

Children should be accompanied by parents or guardians to guide them on every track.

Dogs will only be allowed when driven with the leash throughout the lane.
